

Community Led Parish Plan Review Meeting 27th November 2014

attendees ; Mr D Hodge, Mrs M Rees, Mrs S Cope, Mr R Hardy, Ms V Hamblin, Ms M Howell, Mr D Wilson

apologies ; Mrs S Gallivan

The review of the 2009 Parish Plan Survey revealed that most of the questions are still relevant. However it was felt that the 2009 Survey was too long and this was reflected in feedback at the time it was produced. It was decided that the new survey should be restricted to a maximum of six A4 sides and therefore judicious pruning of the questions is required. The order of the questions should be revisited with emphasis on most relevant to the community SC & SD will revisit in conjunction with the example questions in Shropshire Community Led Planning Guide

Unfortunately the boundaries used in the 2001 and 2011 censuses differ and the comparison of the data has highlighted anomalies. Although many of the high level trends are useful, figures required in support of the Parish Plan will need to be more robust. VH, DW & MH to revisit findings in conjunction with examples in Shropshire Community Led Planning Guide.

Shropshire Council may have data based on the Parish Boundary rather than those used in the 2011 – MjR will enquire.

Alternatively DH has found a website primarily constructed for homebuyers use (www.streetcheck.co.uk). Groups of adjacent postcodes are used to provide demographic information about a precise postcode. RH will check the postcodes used for Hodnet Parish to see if it is viable to extract information from this site.

Whilst data for the Parish is being collected the main focus for the group for the time being is construction of the survey.

DH has submitted a budget requirement of c£1500 to Shropshire Council .

Actions

SC & SG - to revisit 2009 survey questions

DH - to provide suggested list of main topics for Survey questions

MjR - to establish if demographic data just for the parish of Hodnet is available from Shropshire Council

RH - to obtain a list of all Hodnet postcodes if data for the Parish can be obtained any other way

MjR – electronic copy of 2009 survey to SC

MjR – electronic copy of full / highlights results of 2009 survey to RH

Notes

- May wish to consider adding tick box to postal survey for people to register request for results of survey / advice that results only available on line.
- Cost of full set of address labels of the Full Register for Hodnet Parish £29.00
